Our objective

WAKOs objective is to **make a difference using the power of sport** to create equality and opportunities. WAKO needs to admit our responsibility to give, share and develop using physical activity, recreation, mental satisfaction, discipline and friendship as a tool to equality. It is our social responsibility using sport to build hope and future where dialogue, respect, tolerance and solidarity are the essence. Simply making the world a better place to be using kickboxing concepts as our tool.
