**TRINIDAD AND TOBAGO ANNOUNCES POSTPONEMENT OF CAC 2017**

**WAKO Trinidad and Tobago, TATAMI Division, officially announces the postponement of the CENTRAL AMERICA AND CARIBBEAN OPEN (CAC OPEN).**

**The world is following the size of the devastation that the recent hurricanes Jose, Irma, Maria, have caused throughout the Caribbean region and for the reason many countries that were already confirmed for the event cancel their participation, and even the Organisation; taking into consideration the safety of the athletes and accompanying persons.**

**Initially scheduled for September 28– October 1. it will be then rescheduled to the first quarter of 2018, on a date to be confirmed very soon.**

**In the words of our Pan Am President Master Paulo Zorello .....**

**“ It was a good decision and they can count on my support. Above all we have to prioritize life. There will be no shortage of opportunities to do the CAC in 2018, and in much better conditions, for sure WAKO TT has our support to be able to grow and train in the near future, and not only them, but all the countries of that region which is very important for our continent”**

**Sincerely**

**Martin Mc Clashie**
