

Dr. Richárd LEYRER
Dr. Tibor KOZSLA

Budapest, Hungary

Dear Mr. Leyrer,
Dear Mr. Kozsla,

On behalf of the SportAccord Council, I would like to take this opportunity to share our sincere appreciation to both of you for the presentation delivered in Lausanne, on November 4, 2014.

The presentation has successfully highlighted the main elements and structure of the proposed e-learning solution that shall offer education possibilities for human resource development for the interested International Sport Federation; the members of SportAccord. We do believe that the presented project is viable and we would be pleased to speed up the negotiations with you both for detailed elaboration and planning.

We do hope that your further contribution will enable us to work together on this proposal, therefore I am asking you to send us your proposal for the detailed elaboration including but not limited to the content, deadlines, required resources and financial needs.

On behalf of SportAccord we will make the necessary steps to engage our international partners relevant to the project proposal and establish a solid basis for the project preparations and implementation.

Best regards,

Marius L. Vizer
President
SportAccord
