## INVITATION LETTER by WAKO IF President Mr. Roy Baker

Dear WAKO members,

I take pride in inviting you to the 2022 Junior and Cadet, World Championships (All Disciplines). As Sport returns gradually to the international stage. I would like to wholeheartedly thank the Italian Federation, FEDERKOMBAT President Donato Milano and his team for hosting this event at very short notice.

But this crisis is far from over. This situation we find our federations in, our sport in, will need all our solidarity, creativity, determination and flexibility. We all will need to make sacrifices. We are only beginning to understand the scenarios for the post-corona world that will finally prevail. In fact, the corona crisis shows us again that to respect each other is not enough. We have to help each other. The WAR in Ukraine has had a material impact on Europe and beyond and created significant impact on the world we live in, NOBODY wins in war. The major lesson is: **We need**

**more solidarity with each other, and we need to focus on the sport of KICKBOXING exclusively.** I would like to express my heartfelt thanks in particular to the National Federations (NFs), the National Olympic Committees (NOCs), the athletes, the coaches and the officials in WAKO of continuing to stay positive of continuing to stay engaged in these difficult times.

The great Olympic Champion Muhammad Ali, who had the Olympic Flag as one of just two flags flying at his funeral, expressed it in this way: *"I have learned that whatever time we spend on earth should be spent helping others and creating justice and equality for all people, not out of pity or shame, but out of love for all people with the knowledge that we belong not to many races, but to one race – the human race."*

These Championships will enable the athletes of our future, understand better, engage more and create friendships that will stay with them their entire life, similar to my experiences since 1982. To enable them to challenge each other at the very highest platform our sport currently has to offer our athletes and federations, it enables us to showcase the beauty and brilliance of the sport of Kickboxing on a truly global stage. We must continue to fight and focus our efforts on a doping free sport, we must eradicate strongly all use of prohibited substances and this is why it is **MANDATORY** that all Junior participants of the 2022 World Championships complete the WADA International Level Athlete online course at:

[https://adel.wada-ama.org/learn/public/learning\\_plan/view/1/international-level-athletes-educationprogram-](https://adel.wada-ama.org/learn/public/learning_plan/view/1/international-level-athletes-educationprogram-)

It is also **MANDATORY** that all Coaches complete the following WADA online course at:

[https://adel.wada-ama.org/learn/learning\\_plan/view/7/high-performance-coaches-education-program-english](https://adel.wada-ama.org/learn/learning_plan/view/7/high-performance-coaches-education-program-english)

We all know that this journey will not be an easy one. We will have to give it our best to address the many challenges of an increasingly confrontational and ever more fragile world in deep crisis. But the WAKO family is used to giving it our best, we are used to falling down and standing back up, we are a combat sport. We are used to embracing change, and we are used to seizing opportunities. If we continue to stand together in this unity and solidarity, we can emerge from this crisis even stronger than before.

But now we focus on our Athletes on enabling and allowing them to shine at the highest level our sport has to offer, to inspire future generations of kickboxers across a diverse, respectful and inclusive sport that continues to grow. There is only **#onewako** and there is only **#onechampion** and that is the WAKO champion.

I look forward to meeting our WAKO family in Italy in a safe, controlled and well managed event.

See you SOON.

  
Roy Baker  
WAKO President

## INVITATION LETTER by FEDERKOMBAT President Mr. Donato Milano

*To all of you dear friends of WAKO,*

the dramatic situation of the ongoing conflict between Russia and Ukraine and the subsequent exodus of Ukrainian refugees, has led many states to adopt extraordinary measures for the reception of refugees, including the priority use of many accommodation facilities (such as buildings, hotels, conference centers, etc.) Even the Irish Government had to give priority to this noble cause with the consequence to cancel the organization of the Championship in Ireland, where the Championship was initially assigned. For this highly justified reason, the WAKO IF Board was called to take a urgent decision in order to guarantee the organization of the 2022 Children, Cadets and Juniors World Championship.

Italy has accepted the challenge of reorganizing the 2022 Children, Cadets and Juniors World Championship thanks to the great experience of our organizing committee, excellently managed by Nicola Traina, who represents an absolute guarantee for us. We are still pleased to receive warm compliments for the organization of the recent

2021 Senior and Master World Championship.

We are still not completely out of the pandemic, but all necessary medical and safety measures will be put in place and hopefully once again we'll be able to offer our athletes the best they can expect.

Our sense of brotherhood cannot leave us indifferent to the unexpected and painful situation that OUR FRIENDS in the world are living due to a senseless conflict. Many people in our WAKO family, of different nationalities, have been directly engaged in a conflict they NEVER wanted. We constantly follow the situation and we pray for an immediate "cease- fire" hoping that common sense and reason will prevail.

The WAKO family is working hard to offer its own contribution and solidarity on this particular moment and all together we strongly invite to join the motto of the IOC President Thomas Bach; **"Give Peace a Chance"**.

With particular pride and a great sense of responsibility, I extend my warm invitation to all of you for participation in the WAKO 2022 Children, Cadets and Juniors World Championship.

A great opportunity also to stay together and visit the beautiful surroundings of Jesolo and Venice with its natural, cultural and artistic places. In short, a perfect mix of Sport, Art and Culture of our beloved country.

We all hope to be able to embrace our friends again, our brothers from ALL nations, and finally be able to see them compete in Sport, with friendship, Fair Play, following the Olympic values.

WE ARE DIFFERENT, WE ARE WAKO!  
ONE WAKO, ONE CHAMPION

Our motto in competition.: "WIN or LEARN"  
Our mascot JES-KIBO is waiting for you!

Welcome, take a seat and enjoy the show!

FEDERKOMBAT President  
Donato Milano

## **JESOLO A MULTIFUNCTIONAL CITY**

This is Jesolo. A city with modern services, comforts, organized roads, impeccable safety, a high quality of life, many accommodation facilities and leisure opportunities. It is a city able to meet the needs of today while already planning for the future. Guests will feel truly at home here; they will be calmed by the beautiful beach, the Blue Flag awarded crystal clear seas, countless attractions and entertainment venues. Jesolo's golden beach is well managed, and the bathing establishments are always attentive to the service of their guests, even four-legged ones. It stretches between the shaded Pineta, a true green pearl for the city, whose path is marked by works of art depicted on the walls of buildings and homes and is the most modern and best equipped establishment in the Adriatic. Jesolo's beach is ideal for sports such as beach volley, windsurf, sailing, and open-air fitness, as well as for children to play on the playgrounds or just to relax under the sun and take a walk. The beach is very safe for swimmers and offers the opportunity for a

complete relaxed holiday. And with more than two hundred events throughout the year, Jesolo is both a winter and summer tourist destination. The beach has also been awarded the Green Flag by the Italian Paediatricians, meaning it is an ideal resort for children. In addition to the high quality of future accommodation facilities and its ever-welcoming spirit, Jesolo, the beauty of its sea and its beach, will let you enjoy yourself and make your stay unforgettable.

Jesolo, a modern city. Organized and redesigned by the internationally acclaimed Japanese architect Kenzo Tange, new realizations are distributed along the city.

The area features modern facilities tailored ample parking.

to the needs of its guests and provides

Fifteen kilometres of golden beach and twelve kilometres of Jesolo's pedestrian walkways, the longest in Europe run along the coast. The numerous squares are the meeting place for enjoying music and events in a pleasant atmosphere.

Jesolo is also very close to the cities of art and history, starting with Venice. And in fact, it is the lagoon, a UNESCO World Heritage Site, with its northern appendix that creeps into the territory of Jesolo between the river and the countryside. The large fishing areas in the north lagoon watch as a silent place where you can also go mountain biking, thanks to an itinerary structured specifically to find out the relationships between the many waterways that run through the area: those of the river (the Sile, once Piave Vecchia) and those of the lagoon. The inland and its nature can be discovered thanks to more than 150 kilometres of routes as beautiful as the waterways through which waterway tourism has been developed.

**JESOLO LIDO (VE) – ITALY  
30 SEPTEMBER - 9 OCTOBER 2022**

## **EXCURSIONS ON REQUEST (minimum 30 people)**

### **Venice Day and Night**

**Euro 62/person**

Venice is a work of art by day and a masterpiece at night. The fun starts when you board a motorboat at Punta Sabbioni and travel along through the lagoon to Venice. St. Mark's Square, Rialto Bridge and the Grand Canal, one of the most famous landmarks in a city full of timeless attractions. Stroll through the many historic quarters beyond the main sights, crisscrossing the 117 islands separated by canals but connected by 409 bridges and admire the elegant waterfront palaces or seek out a terrace for some "al fresco" dining.

*Included: Full Day Tour Escort, Bus from Jesolo, Boat from/to Venice.*

### **Venice and Islands**

**Euro 70/person**

From Jesolo, the day starts with a coach ride to Punta Sabbioni and then a transfer across the lagoon to the island of Venice. Take a walking tour to discover some of the more hidden sites of the city - a place that looks more like a cathedral. After some free time, it's onto the next island, Murano. These days it's known as the Glass Island on account of all the famous kilns lining the Fondamenta dei Vetrai. And if the same rule applied to Burano, your last island stop, it'd be known as the Lace Island - the island is famous for its doilies, handkerchiefs but also for its dinky, rainbow-bright houses.

*Included: Full Day Tour Escort, Bus from Jesolo, Boat.*

### **Verona and Lake Garda**

**Euro 67/person**

The land of star-crossed lovers, Verona was the setting for Shakespeare's most famous tragedy. As such, everything about the place whispers amore. Sweethearts stroll hand in hand through cobblestone alleyways. Young Romeos scribble love notes in sun-dappled piazzas. And lovers cosy up in cafés as church bells chime each passing hour. The centerpiece, though, is the Arena. Built by the Romans, it gives the Colosseum a run for its money. In fact, it's better preserved and is still used today as the city's opera house. Not far from Verona lies Lake Garda. One look at the mountain-backed mass of water and you'll feel your heart skip a beat.

*Included: Full Day Tour Escort and Bus from your hotel.*

### **Treviso and Wine Tasting**

**Euro 52/person**

Visit the city of art and water and get a real taste of Italian life as you wander past the frescoed houses into the Piazza dei Signori, described as an outdoor sitting room. For the shoppers among you this is the home of Benetton, and the streets are packed with everything from Gucci to Sisley.

Then on the way back we'll stop at a traditional Italian Cantina for a spot of wine tasting, and there'll be time to pick up a couple of local bottles to take home.

*Included: Tour Escort, Bus from your hotel wine Tasting.*

JESOLO LIDO (VE) – ITALY  
30 SEPTEMBER - 9 OCTOBER 2022

## DISCOVER JESOLO AND THE HINTERLAND

### 1. Jesolo: An Archistar Hunt

Kenzo Tange, Carlos Ferrater, Goncalo Byrne, Richard Meier, Zaha Hadid. These are some of the most famous of the architects who have redesigned Jesolo over recent years. The idea behind the project is bringing this Veneto city closer, in both concept and substance, to a modern beach city building upwards while at the same time in perfect symbiosis and harmony with low density accommodation. Renovating and relaunching the coastal skyline with elegant and sophisticated buildings representing the symbolic and emblematic heart of the resort's new avant-garde and cosmopolitan face. A stroll around the city in a search for its 'brand name' buildings by one of these architecture stars is a good day out in the event that the sun decides to hide from you. Here are a few hints: Carlo Ferrater designed the Piazza Mazzini tower, Richard Meier the Via Levantina buildings, Goncalo Byrne the Merville tower on Viale Oriente...

### 2. Jesolo: Le Antiche Mura

The finds from the archaeological site of Ancient Walls, which is located in Jesolo country at the end of the street, are kept in the Tourist Info Office of Jesolo in Piazza Brescia. The archaeological site of great historical importance - Art for our area, after the various excavations have occurred in 900 returned to the community finds that testify to the religious importance of the place covered. They came up to us, in fact various findings that are attributable to the primitive early Christian church (V sec. DC), which was superimposed a classroom of early medieval cult (VI-VII centuries. DC), and finally the most monumental Cathedral of Saint Mary of the Assumption 'XI century. The exhibition features various display panels with mosaics torn during the excavations and multiple pieces of marble of great value. More info: [www.jesolohistory.it](http://www.jesolohistory.it)

### 3. Jesolo: Glimpses of Beauty between the lagoon and the Piave

A stone's throw from the most popular beach, there is an area of great natural interest: the Laguna del Mort. Created in 1936 when the River Piave broke its banks which, due to exceptional swelling, changed the last stretch of its bed, the Laguna del Mort, which straddles Jesolo and Eracela, is an unspoilt area which hosts an incredible variety of plants and animals in its shallow waters and sandy beds. This is not the only gift offered by the Piave, the "Sacred River of the Homeland" on whose banks the First World War was fought. In fact, the banks offer incredibly beautiful glimpses of landscapes and nature. On the right bank of the Piave, around Fossalta di Piave, there is a stone which marks the place where Ernest Hemingway was injured by an Austrian grenade during the Great War. This dramatic experience became the basis for one of his greatest novels, "A farewell to Arms". Also set in Veneto "Across the River and Into the Trees".

### 4. Jesolo's other face: nature

The lagoon, with its northern appendix, worms its way into the Jesolo area between the river and the agricultural land. Here, the large fish farms keep watching over the silence of an area all to be explored, where luxuriant vegetation still protects a habitat that is intact and unspoilt, where the charm and natural beauty of every tiny detail underline the wild spirit of Jesolo's lagoon. Fishing, agriculture and tourism inhabit Jesolo's hinterland with deep respect, preserving its balance and exalting the extraordinary sensations that it transmits and the genuine and natural products it offers. Jesolo's lagoon has ancient charm, but also very current intensity and empathy. With its little islands, floodplains, halophilic plants and pools of water, from dawn to dusk, it wakes up and feeds visitors' most hidden emotions, the sensations that the hustle and bustle of daily life unfortunately suppresses.

### 5. Jesolo: A stroll in the green...

Green, like the colour of the many public parks, eight in total, spread throughout the city and always available and well-equipped. Green, like its farmland vegetation and riverbanks, whose river mouths, between the Piave and the Sile, surround this coastline that stretches almost 15 km. Green, like the stunning inland nature, which you can visit, experience and discover thanks to the almost 150 km of cycle paths. Green, like the wonderful pine forest, which, for the last few years, has been enriched by an "artistic" trail, thanks to the

All of this is possible thanks to “Jesolo Ambient Bike”, a guide to discover over 500 km of cycle routes that the city has to offer. Twelve routes designed and planned to integrate the range of tourist services available and give visitors the chance to discover the local area and its characteristics, getting in touch with nature. ## 13. The botanical garden in Padua

The botanical garden in Padua was founded in 1545 and is the world's oldest university botanical garden. This natural and architectural wonder houses nearly 7,000 plant species, a unique variety of specimens recognized by UNESCO as a World Heritage Site in 1997. Most of the world's known species are kept here and educational workshops aimed at schools and groups of students and adults take place here, divided into 10 thematic routes. Anyone who chooses to spend an hour or two in the Botanical Garden - particularly suited for family visits - should not miss out on seeing the historic trees. Among them is the *Chamaerops humilis* palm tree from 1585, an oriental banana tree from 1686 and a magnolia from 1796, the oldest in Europe. There are also medicinal plant and carnivorous plant sectors and a corner where entire ecosystems are rebuilt, such as the tropical greenhouse or the Mediterranean scrub. They are all worth a visit. ## 14. Islands of the Lagoon: Charm and Art Nouveau atmosphere in Lido di Venezia

The Venice Lido (Lido di Venezia) is one of the most well-known islands in the Venetian Lagoon, a fully-fledged watershed between the city and the open sea. With its low and sandy coast, the Lido stretches for about 11 kilometres and attracts tourists with its slow pace and delightful architecture. Seamlessly connected to the centre of Venice by traditional steamboats, the Lido is the only island in the Lagoon that can be explored by road. Most visitors, however, prefer to explore the island by bicycle. This way you can easily move between the Lido and Malamocco, a colourful fishing village, and Alberoni, a port mouth, characterised by high sand dunes, which is nestled in a haven protected by the WWF. For those visiting the Lido, definitely not to be missed are the Abbey of St. Nicholas, which dates back to the 10th century and is the resting place of a part of the remains of the patron saint of sailors, the impressive Liberty architecture of the early 20th century hotels overlooking the Marconi waterfront, and the nearby reserve of Cà Roman, a paradise for birdwatchers. Departures: Punta Sabbioni More info: [www.veneto.eu](http://www.veneto.eu)

## 15. Island of the Lagoon: San Lazzaro degli Armeni

San Lazzaro degli Armeni is a haven of peace and spirituality, about twenty minutes by steamboat from St Mark's Square. Today, this small island in the Lagoon is inhabited by a monastery of Armenian monks of the Mechitarist Order, who settled there in 1717. Since the 18th century, the island has been home to one of the largest Armenian communities in Italy, safeguarding the impressive cultural heritage that has been collected and produced over the course of the decades. Today the monastery is open every day for guided tours. Every afternoon at 3.25 p.m., when the steamboat from St Mark's docks, these tours of around two hours let visitors discover the secrets of the island and its discreet inhabitants. Among the marvels that are not to be missed are the paintings by Tiepolo, a snow-white sculpture by Canova, a unique Egyptian mummy, and the colourful rose garden where the monks collect the flower petals which they use to produce the fragrant *vartanush*, a jam made from roses. More info: [www.veneto.eu](http://www.veneto.eu)

## 16. Medieval atmospheres in Cittadella

A panoramic walk on the only city walls of Europe with a Medieval walkway, elliptical in shape completely accessible. This is the *Camminamento di Ronda* after a conservative restoration, lasting twenty years, with its walkway 15 meters above and all around the walls of Cittadella, in the province of Padua. The ancient guard walkway served to defend the city from the high in case of enemy attacks. The recent restoration has allowed the safety of the ancient walkway, allowing visitors to admire the city from original and privileged points of view, a unique experience of "Walking into history". The walk is almost two kilometres long and at the beginning of the path you can visit the re-enactment rooms and Medieval staging inside the *Casa del Capitano*.
