Dear WAKO Members and Friends,

It is my great pleasure and honour to invite you to the 2024 Senior and Veteran European Championships, the most prestigious and anticipated event of the year for the kickboxing community in Europe. The event will take place in Athens, Greece.

The European Championships is not only a showcase of the best talent and skills of our athletes, but also a celebration of our sport, our values, and our culture. It is an opportunity to strengthen the bonds of friendship and solidarity among our national federations, and to promote the development and recognition of kickboxing in Europe and beyond.

As the world federation for kickboxing recognised by the IOC, WAKO is committed to supporting the growth and excellence of our sport, and to fostering the understanding and cultural connection among our diverse and vibrant members. The European Championships is a perfect platform to demonstrate our vision and mission, and to inspire the next generation of kickboxers.

I would like to express my gratitude and appreciation to the Greek Kickboxing Federation, the host of the event, for their hard work and dedication to organise a successful and memorable championship. To the President of WAKO Europe Mr Istvan Kiraly for continuing to grow the sport in Europe. I am confident that they will provide us with a warm welcome and a high-quality service.

I urge you to register your participation as soon as possible, and to join us in this historic and exciting event. I look forward to seeing you in Athens, and to witnessing the best of European kickboxing.

Yours sincerely,

Dear Friends and colleagues,

Greetings to the organization of the Pan-European Kickboxing Championship 2024, for men and women, at the OAKA Cycling Stadium from 1 to 10 November 2024.

It is important for Greece to host high-level combat sports events that generate public interest and reinforce the positive image of sports among the population.

We stand by the Federations, the unions and our sportsmen and sportswomen by taking actions, by constantly increasing state funding in the recent years and strengthening the country's sporting extroversion.

I do welcome the thousands of athletes and members of the expeditions, I wish them a good stay and success in their endeavours.

The further development of sports in general is a priority for government policy, with the dual goal of spreading its values in society, but also promoting the culture of exercise among the population.

Respectfully Yours,

John Vroutsis  
Deputy Minister of Sports Greece
