

9th WAKO World Championship Results

In 1993, the WAKO organization was characterized by a temporary political dispute. It led to two World Championships being conducted in the same month in two different parts of the world.

First of all in the interest of the athletes, to give them proper recognition and, secondly, and for thoroughness, winners of both championships are listed here.

Event #1:

1993 WAKO World Championships

Date: November 25-28, 1993
